An open-minded person who is eager to learn, enjoys tackling new topics, and working in a team to find solutions.

Noémie Carron has been studying law in German and French at the University of Fribourg since fall 2024. She grew up in a French-speaking family and completed her compulsory schooling in German, which has given her a strong bilingualism. In 2022, she spent an exchange semester at an American high school in California, where she improved her English skills and later obtained the CPE certificate. In addition to her studies, she plays the piano and is passionate about basketball, serving on the club's board. Sport has taught her team spirit, discipline, and perseverance—values that she also brings to her professional environment.
