With the demanding trinational course of studies, the existing experience in the field of HR and the passion for the sport of Roundnet, Chiara Olivia Németh combines professional expertise, intercultural experience and sporting team spirit.

Chiara Olivia Németh completed her trinational Bachelor in International Business Management in 2022. Through her bachelor's thesis in the field of human resources, she was then able to gain valuable insights into HR development and strategy as an HR business partner and further expand her skills in dealing with various stakeholders. Her interpersonal skills enable her to create a trusting and productive working atmosphere, both in teamwork and in direct contact with managers and employees. She is supplementing the skills she has acquired with a master's degree in People Management and Organization, which complements and deepens her existing knowledge.
