Generalist with a business background and organizational talent.

As Business Development & Operations Manager, Laura Dukart is responsible for the efficient design of internal processes and strategically drives the growth of the Startup & VC Desk at Kellerhals & Carrard. She oversees the development and implementation of key projects, focusing on process optimization to achieve sustainable results and meet company goals.

Throughout her career in organizational development, process optimization, and strategic management, she has successfully supported startups from various industries in developing and implementing business models as well as financial plans. In her previous role as Operations Lead, she was instrumental in structuring workflows and introducing modern operational and management structures. Her primary focus lies in optimizing and scaling business processes. Her goal is to develop innovative solutions with strategic clarity and practical execution, always aiming for sustainable growth and impactful results.
