1206 Geneva

« Pressure is a privilege – it only comes to those who earn it » – Billie Jean King

Victoria Monod began her career as a professional athlete, proudly representing the national team for a decade. In 2021, she fulfilled a childhood dream by becoming a professional golfer on the European Tour.

Alongside her sporting career, Victoria has pursued a remarkable academic journey. A graduate of the University of Geneva, she obtained a Bachelor's degree in Law, a certificate in Transnational Law, a Master's degree in Business Law and her certificate of advanced studies in legal professions (ECAV). She also broadened her experience through an Erasmus program at the University of Zurich.

Her career as a top-level athlete has instilled in her valuable qualities: boundless energy, rigorous discipline, effective stress management and a constant pursuit of excellence.

In 2026, after four years on the professional golf circuit, Victoria chose to return to amateur golf and devote her full energy to her legal career, where she applies the same rigor and determination that characterized her sporting career.
